After Supper Sale

Another After Supper Sale.

Our After Supper Sales have made a hit. It may be the hour—it may be the big values we offer—or it may be the attractiveness of prices—in any event, we've never seen such quick choosing and rapid selling.

You will do well to come here tomorrow night. Come at seven if you can—but be sure you come. There will be another session of the clan of bargain hunters. All the faithful will be here. They will be on the lookout for something good, and we will see to it that none are disappointed.

Such remarkable values—such astonishing prices—such splendid saving opportunities as attend the special evening sale events are seldom offered. You will do well to be on hand to-morrow night.

The Club Nevada was entertained in a most delightful manner on Wednesday afternoon by Mrs. Andrew Yost at her home on West 8th St. The entertainment for the afternoon consisted of two contests. Prizes were won by Mrs. Edmund Dickey and Mrs. Wallace Quinn. A postal shower was received from out of town members, and a short business meeting held. Each member received a gold club pin, the gift of the club. At five o'clock a dainty lunch was served in courses, place cards were decorated with Gibson girl heads and favors were pretty bouquets of daisies. The Club will be entertained in two weeks by Mrs. Wallace Quinn at her home west of town.

Mrs. Cole returned to day from a short visit with relatives in Kearney.

While returning from a picnic at Dick's grove yesterday the wagon struck a barb wire fence and a dozen or more of the children of the seventh grades were badly cut.

A debate will be held at the meeting of the Knights of Columbus on June 12th at I. O. O. F. hall. Subject—Resolved that the best interests of our present civilization demand the granting of woman's suffrage. James Keefe and W. R. Maloney will take the affirmative and Dr. McCabe and Louis Tobin the negative.

According to returns in from approximately 4,500 of the 5,192 precincts in the state, Colonel Roosevelt's delegates of the national Republican convention carried the Ohio primaries Tuesday by a plurality of about 25,000 votes. It now seems scarcely possible that final results from the primaries poll will change the number of district delegates for either side by more than one or two. The best figures available show that Roosevelt has thirty-two of the forty-two district delegates selected and that President Taft has ten.

Rev. Irwin to Preach.

Rev. J. C. Irwin, of Hamilton, Mont., formerly pastor of the Presbyterian church of this city, will preach at that church both morning and evening next Sunday. Rev. Irwin's friends will certainly be glad to again greet him.

Advo Customers Attention.

We will start our canvass for Advo orders for fall delivery June 3rd. The line has been improved and new things added. Some vegetables such as peas and tomatoes are very scarce this year but our contracts were let last January so you will be protected on price. Wait for us.

Re-elect Directors.

Members of the Chamber of Commerce met in annual meeting in the district court room last evening and re-elected the former board of directors. The annual report of the association will be made at a meeting to be held in the near future, this report having been omitted at last evening's meeting on account of the treasurer being out of town.

The Cadets Return.

The high school cadets returned last night from Gothenburg, where they had been in camp since last Saturday. The boys had a splendid vacation, and while military discipline was enforced, they proved good soldiers and were not penalized. The only thing which occurred to ruffle the every moment good time was the wind Sunday evening which blew down and practically wrecked seven tents.

Many Students Expected.

The Junior Normal will open Monday morning, June 3d, and the county teachers' institute will open at the same time. It is expected that at least 200 outside teachers will be present at the opening and remain during the week. It is believed that the enrollment in the Junior Normal will not fall short of 200.

On the evening of the opening day a reception will be tendered the teachers at Odd Fellows' hall. Musical selections will be rendered and short addresses made.

Notice to Water Consumers.

All water consumers are earnestly requested not to use any more water upon their lawns for the remainder of this week and to be as sparing as possible in the use of water for all purposes for the next month or so.

The city has to depend at the present time upon the two small boilers for steam for pumping all the water used for domestic, lawn sprinkling and fire service and they are inadequate for these purposes.

The city expects to have the new boiler installed and in use before the end of another month and is attempting to improve the service in every way as rapidly as possible.

It is not the intention of the water department to make any restrictions in the use of water which are not deemed absolutely necessary and those made will be modified as soon as possible, but I believe every consumer can see the necessity for this request and hope each one will do his part to co-operate with the water commissioner to carry it in effect.

HERSHEY S. WELCH, Water Commissioner.
